4 Reading list of UK and devolved Parliament and Assembly publications on the UK's withdrawal from the European Union and UK-EU future relations

Summary

This reading list is a compilation of briefings on the UK's withdrawal from the EU and future UK-EU relations by the Commons and Lords libraries, by the Parliamentary Office of Science and Technology and by devolved Parliament and Assembly research services, together with reports by Commons and Lords committees and devolved Parliament and Assembly committees.

This reading list is a follow-up to the previous compilation [Brexite: a reading list of post-EU Referendum publications by the UK Parliament and the Devolved Assemblies](#).

Section 1 covers publications produced since the UK's withdrawal from the EU on 31 January 2020. These mainly relate to the implications of UK withdrawal from the EU, the UK's new status outside the EU, and future relations between the UK and the EU. This also includes publications on the UK-EU Trade and Cooperation Agreement finalised in December 2020.

Section 2 covers publications on the UK-EU Withdrawal Agreement and accompanying Political Declaration, and on UK legislation to implement the Withdrawal Agreement (the *EU (Withdrawal Agreement) Act 2020*). This includes publications both before and after the UK's withdrawal from the EU on 31 January 2020 where the principal focus is on analysing these texts and their implications. Publications relating to the implementation of the Withdrawal Agreement and the Protocol on Ireland/Northern Ireland are also included in this section. This section excludes publications listed in Section 1. This list is not exhaustive and other publications prior to 31 January which discuss the implications of UK withdrawal from the EU can be found in the previous compilation [Brexite: a reading list of post-EU Referendum publications by the UK Parliament and the Devolved Assemblies](#).

About the Library

The House of Commons Library research service provides MPs and their staff with the impartial briefing and evidence base they need to do their work in scrutinising Government, proposing legislation, and supporting constituents.

As well as providing MPs with a confidential service we publish open briefing papers, which are available on the Parliament website.

Every effort is made to ensure that the information contained in these publicly available research briefings is correct at the time of publication. Readers should be aware however that briefings are not necessarily updated or otherwise amended to reflect subsequent changes.

If you have any comments on our briefings please email papers@parliament.uk. Authors are available to discuss the content of this briefing only with Members and their staff.

If you have any general questions about the work of the House of Commons you can email hcenquiries@parliament.uk.
